

Dear Parents and carers,

We have always believed that communication between school and home is vital and, over the past twelve months, it has become even more important than ever. With this in mind, we are adding to our ways we can let you know about things happening in school.

Our 'new look' website, has an app connected with it, which allows you to access news items, galleries and calendar dates directly, as well as allowing us to send messages to you, your child's class or the whole school.

Please download the 'School Spider' application to your Smart Device.

If the school office has your e-mail address, you will be sent an e-mail with details of your username and a link asking you to 'Reset your password'. Please follow this link and choose our school and your password. This will then give you access to the Parent Dashboard, where you will find messages and information about school events and news, both whole school and personalised to your child's class.

If you have any questions or technical difficulties, please contact Miss Mowatt or the school office for help.

Yours sincerely,

Mrs Samantha Birchall

Head Teacher
