Dear Parents/Carers,

As you would have expected when we returned after the summer, we do have some confirmed positive cases of COVID-19 at the school.

In accordance with the new guidance your child should attend school as normal.

Close contacts will be informed by test and trace that they are a close contact. They will advise that your child takes a PCR test. However, as a precaution we will also write to parents of children who may have been particularly close to those who have tested positive. In these instances, we also simply advise a PCR as children do not need to isolate unless they themselves have a positive PCR test or have symptoms of COVID-19.

I hope this is helpful information, but please be assured that **your child should attend school as normal unless they have symptoms and/or tests positive for COVID-19.**

Please get in touch if you have any questions or require any advice. We will keep you informed of any changes. Once again, thank you for all your help and support. It really is appreciated.

Mrs S Birchall
Headteacher
