

Friday, 15th October 2021

Dear Parents/ Carers,

I wanted to write to say thank you so much for all the support you have given school over the past couple of weeks. It has been an extremely tough time and we appreciate your kind words and help to maintain safety on school site for all the school community. As a school we have been lucky to have the support of PHE, St Helens Health and Safety and the LA to help us to further control the COVID outbreak across school. We have been commended for everything we have already put in place to combat the outbreak, this is why they have supported us with giving each member of staff and child across school the PCR tests, which have now gone off to be analysed.

We are also lucky that they have offered us as a school a Mobile Testing Unit onsite. This will arrive on Monday, 18th October in the school carpark. The unit will be able to test children and hopefully those parents picking up their children from 2pm – 6pm. We are therefore allowing parents to collect children from school from 2pm to go to the testing unit so not to cause a queue at the end of the day. This facility has also been available at Rainford High School this week and we are lucky as a primary school to also be given one for a short period of time.

Thank you again for all your support and we will continue to work together throughout the Pandemic to ensure the safety of our children and families. However, I must also ask that people are mindful on how they are speaking to staff as we have had a few instances of verbal aggression this week towards staff and we cannot tolerate this. We are a school family and are all here for the love, care and education of our children.

Have a lovely, restful weekend.

God Bless

Mrs Birchall

Together we DREAM, Together we Learn
