

Curriculum Map PSHE/SEAL/ RSE /Come & See

The DfE has stated as part of its national curriculum framework that *'All schools should make provision for PSHE education, drawing on good practice'*.

In the absence of a national programme of study from the DfE, the PSHE Association, in consultation with a wide variety of agencies and practitioners, has produced its own programme of study based on the needs of today's pupils and schools. Our programme of study at Corpus Christi identifies the key concepts and skills that underpin PSHE education, makes links to our R.E programme 'Come & See' our RSE policy, SEAL and CAFOD, Science We have, through this curriculum map, identified how we uphold the statutory responsibility to support pupils' spiritual, moral, cultural, mental and physical development and prepare them for the opportunities, responsibilities and experiences of life, underpinned by the Gospel Values of the Catholic Church.

Foundation Stage PSHE involves helping children to develop a positive sense of themselves, and others; to form positive relationships and develop respect for others; to develop social skills and learn how to manage their feelings; to understand appropriate behaviour in groups; and to have confidence in their own abilities.

The whole school takes part in Anti-Bullying Week and we follow the theme set by the Anti-Bullying Alliance each year. Throughout the school year children are made aware of how to stay safe and be good citizens keeping Gospel Values at the core of all learning. During Anti-Bullying Week we will focus on how children can:

- be made aware of the strategies to deal with issues of bullying and what to do in different situations, including situations of cyber bullying.
- participate in role play work in class as part of PSHE and SEAL
- have a raised awareness through RE, cross curricular themes, drama, story writing, literature and theatre visits on how to stay safe
- make links to their rights and how to be responsible
- stay safe on the internet in school and outside school
- be good role models for younger children
